

COVID-19 statement

January 27, 2021

To our valued Manotak Lodge guests:

We look forward to welcoming you back to Manotak Lodge in 2021. While the status of the US/Canada border remains uncertain, we are positive that Manotak will return better than ever when we are able to open for our US guests.

As you know, we moved all 2020 reservations to 2021. While many things are still uncertain, we will do our best to keep you informed as soon as we know official news (not rumors). We are working now to confirm all 2021 reservations. Please call or email if you are not sure of your reservation.

Our goal at Manotak is to continue to provide you with a world class fishing trip with the best multi-species fishing, boats, service, lodging, and food. We cannot stress enough how much all your continued love and support means to us. Again, thank you for your prayers. It means the world to us. Please pray for the world and stay safe and healthy everyone!
