

Border Crossing Rules (May 11, 2022)

Border crossing rules are subject to change. Details can always be found at <https://travel.gc.ca/>

We will do our best to update these instructions if changes occur.

Call us with questions! 800-541-3431 or 807-529-3231

Prior to entering Canada, fully vaccinated US guests aged 12 and over will be required to meet the following:

1. Be fully vaccinated (14 days must have passed after the 2nd dose before arriving in Canada). Johnson & Johnson, Pfizer, or Moderna are all accepted.
2. Must upload proof of vaccination and other arrival information into the [ArriveCAN](#) app within 72 hours prior to arriving in Canada. See below for instructions.
3. If selected for random testing, the individual must complete the test within 24 hours of entering Canada. Individuals who are randomly selected do not need the quarantine while they wait for their results. **If you are selected for a random test, bring the test kit to the lodge and we will assist you in completing it and having it picked up for processing.** If you are flying into Canada, you may be asked to take a random test. **Follow the instructions at the airport and then continue on to Manotak Lodge.** (Do not worry about random testing as it takes 4-7 days for results. Chances are you will return home before the results are email to you.)

ArriveCAN Instructions –

1. Download the app or use the online version on your computer.
2. Sign into the app.
3. Click Start.
4. What best describes you or your primary reason for entering Canada? Choose Discretionary/Optional Travel
5. Click the method of entry into Canada – land or air
6. For air travelers, if you are flying into Winnipeg or Thunder Bay, you do not have to register for the pre-arrival testing. Select the airport you are flying into.
7. Select your port of entry – most will be Fort Frances
8. Select your date of arrival
9. Enter your contact phone number
10. Follow the instructions to enter your passport and vaccine information. Bring the hard copy of your vaccine card and your passport.
11. Read the screen and click – I understand
12. Answer the question about travel outside of the US in the last 14 days - NO
13. Complete the COVID-19 self assessment
14. Click Submit
15. Make a note of the confirmation number, print the confirmation, or take a screen shot

Other Items to Note -

Remember there is **NO BAIT** allowed entry into Canada any longer. No live, no frozen, nothing that is or was alive. We sell minnows, leeches and crawlers at the lodge.

Cannabis is legal in Canada – *don't bring it or take it home* across the federal border as that is a crime.

Poultry and eggs are banned at this time.
